
The 2011 Range and Natural Resources Camp, sponsored by the California-Pacific Section of the Society for Range Management (Cal-Pac SRM) and the University of California Cooperative Extension, will be held at the Elkus Youth Ranch near Half Moon Bay, California. The camp will begin with registration on Sunday, June 19th at 1pm and end on Friday, June 24th by 11am.

PURPOSE

Range Camp is designed to offer an appreciation of the extent, importance and value of California's rangelands and natural resources. Range Camp fosters an appreciation for several fields of applied science and management through interaction with university faculty and experienced professionals in classroom and field activities.

PROGRAM

Topics and sessions include plant identification, livestock production, wildlife management, forestry, fire ecology, geology, soils, water resources, rangeland ecosystems, and technologies used in natural resource science and management. Sessions by specialists are given every morning and afternoon, and include both indoor lectures and outdoor activities. Students are tested at the end of the week on their understanding of the materials presented. The top two campers will be awarded an all-expense-paid trip to represent California and the Pacific Islands at SRM's High School Youth Forum(HSYF) held in conjunction with its National science meeting in Spokane, WA, Jan 28 - Feb 3, 2012. The 3rd highest camper will be invited to attend as well, but will need to find other means of paying for the trip. (Delegates must still be in high school through Jan 2012.)

ELIGIBILITY

Young men and women, **ages 15-18 on June 1, 2011**, interested in natural resources management and science are eligible. Selection is made without regard to race, creed, origin, or gender.

CAMP LOCATION / FACILITIES

Elkus Youth Ranch is operated by the University of California Cooperative Extension (http://ucce.ucdavis.edu/counties/cesanmateo/Custom_Program/index.htm). The facility is approximately 13 miles south of Half Moon Bay, CA off of Hwy 1 (at Purisima Creek Road).

COST

The camp fee is \$400.00. This includes meals, lodging, recreation, and transportation costs while at camp. Transportation to camp from the camper's home on Sunday and returning from camp on Friday is not included in the camp fee. Arrangements can be made with the camp staff to shuttle campers between the camp and the San Francisco Airport or the Emeryville Train Station. Emergency medical insurance is provided through event membership in 4-H.

Many students attending camp do so with the sponsorship of a local conservation organization or other group which underwrites all or part of the camp fee. Past sponsors have included Resource Conservation Districts, livestock and farm producer organizations, banks, chambers of commerce, agribusinesses, service clubs, and others having funds for educational purposes. There are no restrictions on the number of applicants that may be supported by a sponsor. Students who would like help finding sponsors in their area should contact:

Mary Kimball, Northern California **(530) 795-1520**

mary@landbasedlearning.org

Cece Dahlstrom, Southern California **(619) 532-2269**

carol.dahlstrom@navy.mil

Theresa Becchetti, Central California **(209) 525-6800**

tabecchetti@ucdavis.edu

SELECTION

Farm advisors, 4-H staff and leaders, Resource Conservation District boards and vocational agricultural instructors are asked to take the initiative in selecting delegates to send to camp. Sponsoring organizations and individuals are encouraged to develop their own method of selection. The following criteria may be helpful:

1. Demonstration of leadership ability and good citizenship.
 2. Willingness to participate and learn while at camp.
 3. Commitment to report on their camp experience upon returning home.
 4. Achievements in activities related to rangeland / natural resource management and/or environmental science.
 5. Involvement in 4-H clubs, FFA chapters, demonstrated interest in natural resource-related disciplines.
 6. Academic proficiency in agriculture, environmental science and/or biology.
-

CAMP DATES

June 19-24, 2011

APPLICATION DEADLINE April 22, 2011

APPLICATION SELECTION

Space is limited to 25-30 students each year.

Applicants are selected based upon the following criteria:

- 1) Carried over from previous year's waiting list
 - 2) Senior students given priority (last year of eligibility)
 - 3) Regional representativeness (including HI students)
 - 4) Preference given to those who have not attended previously
 - 5) Gender equity
-

DAILY ACTIVITIES

Example below is from previous years. Current year's schedule may differ.

<i>Sunday</i>	Arrival and Registration
<i>Monday</i>	Introduction to Rangelands Tour of Elkus Youth Ranch & Plant Collection
<i>Tuesday</i>	Products and Uses of Rangelands: Livestock, Wildlife, Recreation, Soils, Water, Fisheries Forestry and Vegetation
<i>Wednesday</i>	Management and Improvement Techniques: Water, Fencing, Seeding and Fertilization, and Grazing Management Systems Ranch Tour and Beach Barbeque
<i>Thursday</i>	Public and Private Land Management Comprehensive & Plant Identification Exam Field Projects: Range Production and Improvement, Erosion Control, Wildlife and Riparian Management "Town Hall" Meeting – group presentations
<i>Friday</i>	Field Project Presentations Graduation, Evaluation & Awards Camp Clean-up

APPLICATIONS

The camp is limited to 30 campers. All applicants will be notified of their selection by May 27th. Those students not selected for this year's camp are encouraged to apply for future camps.

Applications for the Range and Natural Resources Camp should be available through your local Cooperative Extension Office, Natural Resources Conservation Service, 4-H or FFA club or Resource Conservation District (RCD). If not, download applications from <http://www.rangelands.org/casrm/HTML/rangecamps.html>.

AWARDS

First Place

Belt Buckle

*Trip to International Society for Range Management Meeting, to participate in a concurrent High School Youth Forum (HSYF):
Spokane, WA – Jan 28 - Feb 3, 2012

Second Place

Belt Buckle

*Trip to International Society for Range Management Meeting, to participate in a concurrent High School Youth Forum (HSYF):
Spokane, WA – Jan 28 - Feb 3, 2012

Third Place

Belt Buckle

*Invitation to International Society for Range Management Meeting, to participate in HSYF:
Spokane, WA – Jan 28 - Feb 3, 2012 (must cover own travel and registration expenses)

All Campers

Certificate of Completion

T-Shirt

*Please note, must be a high school student for the school year 2011-2012 to be eligible to attend the 2012 HSYF.
