.....Come and Dance with Us*

Greetings from the Pacific Northwest,

As SRM president, I want to invite you to Spokane for the 2012 Society for Range Management meeting and Trade Show. From January 29th to February 3rd, almost 2,000 of the world's range scientists, ranchers, agency resource specialists, students, and other range practitioners will be assembling in Spokane to advance the art and science of rangelands and their associated natural resources. With a theme of "Lessons of the Past -- Strategies for the Future", we will have a full agenda of speakers, workshops, contests, and social events. One highlight is the SRM

Trade Show, where practitioners come to learn about products to help them make rangelands better and exhibitors come to share their expertise and products with the decision makers from around the globe.

SRM is committed to our commercial and agency partners. We look forward to working with you to find a partnership and trade show opportunity that meets your needs. We value you as a partner and look forward to talking to you about how SRM can provide value to you in meeting your objectives. We are looking forward to working with you.
